Eduardo Elsztain whispers to Crypto Jew Javier Milei. Milei is related to Netanyahu.

Chabad is a Jewish supremacist which advocates the extermination of the *goyim*, which is a moral not a racial standard. Goyim or infidel is anyone who rejects their claim to be "Chosen" i.e. God.
That includes non-Chabad Jews. Trump, Putin and Netanyahu are members of Chabad who are dedicated to starting another world war as cover for depopulation and the destruction of civilization. (Search my site for "Chabad" using search engine top left of home page.)

Meilei's handler is the President of Chabad Argentina and serves as Chairman of the World Jewish Congress Governing Board.

Argentina's "Libertarian" Revolution Was Brought to You by Chabad – The Occidental Observer
by Jose Nino
(abridged by hm.com)
Before his monumental victory against Sergio Massa in November 2023, Milei was an eccentric political analyst who had a flair for controversy and had sharply criticized the Argentine political establishment. Milei made a name for himself by appealing to libertarian principles and even naming his dogs after libertarian intellectual Murray Rothbard.

Before 2023, the idea of Milei becoming president of Argentina would have seemed far-fetched to casual political observers. But when one enters into a Faustian pact with Elsztain and the powerful networks of Argentina's Jewish elite, even the most unlikely of political ambitions can suddenly materialize.

Elsztain is a prominent Argentine businessman who has been widely recognized as one of South America's most influential Jewish leaders and business figures. Born on January 26, 1960, in Buenos Aires, Argentina, Elsztain has built a vast construction business empire while maintaining deep connections to Jewish communities worldwide and establishing significant ties to Israel.

Elsztain is the chairman and CEO of IRSA (Inversiones y Representaciones Sociedad Anónima), Argentina's largest real estate company, which trades on both the Buenos Aires Stock Exchange and the New York Stock Exchange. His grandfather, Isaac Elsztain, a Russian Jewish immigrant who arrived in Argentina in 1917, founded IRSA in 1943.

serves as president of Banco Hipotecario, Argentina's leading mortgage bank, and has extensive mining interests through Austral Gold Limited.

His business success has been remarkable. According to reports, his rise to prominence began in the 1990s when he received a $10 million investment from billionaire George Soros, which helped transform his grandfather's struggling company into Argentina's largest business empire. Contrary to popular mythology that portrays this as a chance encounter, Argentine newspaper *La Nacion* revealed that the meeting with Soros was actually arranged through Elsztain's contacts within Buenos Aires's Jewish community who were responsible for opening doors to the powerful businessman.

His ascent, backed by elite networks, did not go unnoticed abroad. Israeli media frequently refer to Elsztain as "South America's richest Jew." With respect to his connections to broader Jewry, Elsztain's relationship with Argentina's Jewish community runs deep and spans several decades. **He is the President of Chabad Argentina and serves as Chairman of the World Jewish Congress Governing Board. His involvement with Jewish institutions began in the late 1970s when his parents participated in Kabbalah classes given by Rabbi Avraham Yosef Polichenco, which led the family to become closer to Chabad.**

In 1991, Netanyahu promised to start a nuclear war, a prerequisite for the return of the Jewish antichrist.

Chabad–also known as Lubavitch, Habad, or Chabad-Lubavitch–is a major branch of Hasidic Judaism distinguished by its intellectual approach to Jewish mysticism and its expansive global network. The movement's name, Chabad, is an acronym for the Hebrew words Choḥmah (חָכְמָה, "wisdom"), Binah (בִּינָה, "understanding"), and Da'at (דַּעַת, "knowledge"), and has become a powerful vehicle for Jewish influence in the United States, Russia, and Argentina. Elsztain has been a crucial partner for Chabad activities not only in Argentina but globally, supporting everything from educational programs to social services. Elsztain was a follower of the Lubavitcher Rebbe, Rabbi Menachem Mendel Schneerson. In a famous story, when Elsztain asked the Rebbe for advice about investing $15 million in the stock market in 1991, the Rebbe advised him to focus on real estate instead–advice that proved to be extraordinarily prescient and profitable….

What's particularly notable, however, is where Milei and Elsztain's trajectories converge. Elsztain and Milei first met at the Llao Llao Forum in April 2023, an annual gathering of Argentina's business elite hosted by Elsztain at his luxury hotel in Bariloche. This meeting of the "Círculo Rojo" (Red Circle) proved to be the starting point of what would become an intimate relationship. Chilean newspaper *La Tercera* reported that the two formed such a strong bond that the businessman is now considered the president's closest associate.

Most significantly, Elsztain served as a key spiritual link between Milei and the Jewish community, especially the Orthodox Chabad Lubavitch movement. Multiple sources confirm that Elsztain was the key figure who introduced Milei to the Chabad community. As one source explained to the Argentine digital news website La Política Online: "Eduardo is the key to the Chabad in Argentina." This connection was facilitated through Rabbi Tzvi Grunblatt, director of Chabad Argentina, who reportedly "connected [Milei] with some big businessmen," including Elsztain.

Behind the libertarian theatrics and economic reform lies a deeper arrangement–one that speaks less to populist revolt and more to elite consolidation. In Javier Milei's Argentina, it seems certain doors only open if you know the right rabbi.

Makow Note – Although a Zionist, Elsztain got his start thanks to George Soros, proof that the Communist and Zionist wings of Jewish Freemasonry are in collusion.
